## our g@therings this month

**Aug. 4th** 10th Birthday Celebration  
**Aug. 15th** Monday HC serving  
**Aug. 25th** Wednesday HC serving

### Google Apps

We have begun using Google apps which are on-line tools and resources that allow people/groups to connect and collaborate more easily. One of those tools is called a Google site which provides one central place for conversation and the sharing of resources for a particular group. We currently have Google sites for leadership, S&D, teaching team, and community ministry.

We also will begin using a site for our gatherings. Our gathering site will be a place for us to share, plan, and discuss our gatherings on-line. You will also have access to an on-line calendar to more easily keep up-to-date with what is happening each month.

Once invited, you can use the web address below to access the Google sites you've been invited to (not everybody can access every site). You will receive an e-mail in the near future inviting you to join our gathering site and explaining how to access it.
